INFORMATION ON RV PARKING

RV parking is available at Island Grove Regional Park on asphalt or gravel parking. Most hookups include electricity and water; a limited few are full hook-ups. No day parking is available for RV's, all must be parked in a paid-for, reserved slot. Honey Dip Wagon pump-outs will be available mid-week. Sign up for Honey Dip Wagon visits with RV Committee on arrival. Payment will be made directly to Honey Dip Wagon at time of service. Please arrive with empty tanks if possible. Dump station in park.

Parking will begin on Monday, September 27, 2010. Only groups registering together and arriving together will be parked together, no exceptions. Each RV will have an assigned spot and must check in with the parking committee on arrival. Arrivals will only be accommodated from 9 a.m. to 9 p.m. RV's should vacate the show grounds by noon on Sunday, October 3, 2010.

Anyone arriving prior to Monday, September 27, 2010 may be asked to move their rig to another location if not parked in their designated spot. All RV's will be assigned a parking spot and early arrivals may park in their designated spot. A map will be available displaying the designated parking spots.

Confirmation of reservation will be sent via email.
